No 48

CROSS THE SHAKHE.

JAPS ATTACK RUSSIAN LEFT.

Russians Admit the Japanese have Captured Ta Pass Leading to Mukden.

Bulletin Special.

St. Petersburg, Feb. 28th.—The Japanese have crossed the Shakhe river but the name of the place of crossing was eliminated by the censor. The advance was checked by the Russian reinforcements. This is the most important news from the seat of the war tonight. Fighting is continuing on the Russian left flank with indications that the Japanese are planning a demonstration against the centre, but the Russians believe their positions are impregnable.

Mukden, Feb. 28th.—The Russians report that the Japanese are in possession of Ta Pass, and also the pass between Ta Pass and Kdun pass. The possession of Ta Pass is regarded as of the same consequence to the Japanese in their operations against Mukden, as was Motien pass in relation to Lioa Yang. In the case of Ta Pass if the Japs push on from the South East their operations will be among the hills.

PEASANTS MAY REVOLT

DISAPPEARANCE OF FARMING CLASS.

Agitators have the Ignorant Peasants at their Mercy—Policemen Guarded by Soldiers.

Warsaw, Feb. 28th.—Grains have been entertained of a peasant's revolution fully 25 per cent. of the farm laborers of the nation are stirred up. They can neither read nor write and agitators have them entirely at their mercy. Murders of policemen are constantly occurring and every constable in Poland is now accompanied by a soldier.

Gorky Goes to Siberia.

Bulletin Special.

St. Petersburg, Feb. 28th.—Maxim Gorky the socialist and novelist was released on \$5,000 bail today and immediately re-arrested pending deportation to a distant province where he will be less influential.

Regina Man Arrested.

Bulletin Special.

Toronto, Feb. 28th.—James Reid of Regina has been arrested here as the result of a telegram from Regina from the R.N.W.M.P. stating that he was wanted for an indictable offence.

WANTED.

GOOD AGENTS FOR THE
Oliver Typewriter

IN ALL

UNOCCUPIED TERRITORY

Over 100,000 of these machines have been sold in the U.S. within the last few years at the same price which is being charged for any other standard typewriter. This proves conclusively that the OLIVER is the very best machine made regardless of price.

As there is now in Montreal a factory devoted exclusively to the manufacture of this machine, it can be bought in Canada for the same price at which it is sold in the U.S. without adding from \$25 to \$30 to cover duty and charges, as do all the other standard writers.

This should be a very attractive proposition to any purchaser of writing machines.

QUALITY AND PRICE.

Absolute purity and highest quality in all drug store goods with lowest possible prices always—is a combination in force at this store that makes it well worth while going out of your way to come here. Quality is made of chief importance. It is never sacrificed. After that comes price. Our goods are priced at a very close margin of profit. On equally high quality of goods we do not believe there are any lower prices anywhere else.

BULLETIN CO. Ltd.

TUESDAY, FEBRUARY 23, 1905.

CHESTERWOLD.

Correspondence.

Our fine weather seems to have come to an end now as it is snowing today and pretty cold.

It is with regret that we record the death of Mrs. Prangie who has been suffering for two years with consumption. She leaves a husband and two young girls aged 13 and 9 years.

Mr. Ray and wife laid their baby boy of a few months, to rest last Thursday. That is the second one that has died in a little over a year.

The young folks of the village and surroundings held a carnival at the skating rink on Friday. There were some very good skaters there. Refreshments were served at Mr. Morrisons.

Mr. Gold who has been down to On a trip, returned last week.

Farmers are doing lots of freighting to the Barr Colony this winter mostly grain.
February 18th, 1905.

BISHOP SPEAKS OF SEPARATE SCHOOLS.

Bishop Legat returned to the city last evening from Europe.

In an interview in Calgary His Lordship is reported to have denied that there was any compact between the church and the government as has been stated.

"Neither myself nor Father Leduc saw any of the ministers. I have just passed through Ottawa but I did not go to see Sir Wilfrid Laurier nor any member of the cabinet. We are satisfied with the system of separate schools which we have. I do not say it is the best possible system for us. A system can be modified from time to time by ordinances and other measures so that you can never say that a system is the best possible. But we are getting along peacefully, and we only hope that we will be allowed to retain what we have. Our Protestant brethren seems also to have taken the view that it was better to live on in peace."

A CORRECTION.

The Wetaskiwin Post in a recent issue refers to the Strathcona hockey team as champions of Alberta. The reference is an error. The Edmonton team won the championship trophy last season and it has not as yet been challenged for this season. The Edmonton team goes down the line as soon as the weather turns cold and will play at points as far south as Calgary.

A MAN WANTED

for every unrepresented district to sell

Made-to-Order Clothing

You do not need to be a tailor in order to improve this opportunity. We have a system that beats the world for turning out CLOTHING THAT FITS.

We are prepared to pay you liberally or wholesale the goods to you and let YOU MAKE THE PROFITS.

If you want a good thing that will establish you in business, and can satisfy as you are reliable, we will start you at once.

ROSS BROTHERS LIMITED

ARE THE SOLE AGENTS
IN EDMONTON FOR THE

MONARCH RANGE...

There is no question as to what this Range can do or its durability, as thousands and thousands of them are in use on this continent and so far as we have been able to learn no fault has yet been found with them.

The main body of this Range is built up of sheet steel, and all the other parts that require to be cast are malleable iron. The top is ground to a bright steel finish, and is so heavy that, no matter how long or how hot you heat it, you cannot make it warp or get out of shape.

You will notice that the oven has a drop door, and the above cut illustrates the strength of this door, as any man can stand on it when it is open without straining it in the least. This will give some idea of the strength of the stove, as all its parts are as strong as this cut of the oven door open with the salesman standing on it would convey to you.

It is a wonderful baker, a very quick heater, and its water front is so constructed that it will heat water nearly twice as quick and on a much less quantity of fuel than any other Range now on the market.

The purchaser of a MONARCH RANGE insures a satisfaction that cannot be measured in dollars and cents, for at the end of ten years' use it will operate as easily and be just as good as when first started.

Remember the MONARCH when you want to purchase a Range.

Ross Bros. Ltd.

DEBATE ON CANADA'S
FUTURE.

A reading and debating circle has been established at Arcola which is well attended.

On Monday evening a debate on the future of Canada was held. Mr. Miles made an excellent speech in support of Canada remaining a British dependency.

Miss Brown and Mr. T. G. Pearce spoke from a Canadian point of view arguing that it was unjust to Great Britain that she should bear the cost of an expensive army and navy unaided by the colonies and advocated independence for Canada with power to make her own treaties, connected with the mother country by a sentimental bond only.

Mr. Laughlin and Miss McLellan ably supported annexation to the United States as being calculated to increase the material prosperity and development of Canada more than any other course.

On a vote being taken the sentiment of the meeting was strongly in favour of the maintenance of present conditions of government for Canada.

WILL TEST GAS DEPOSIT.

Strathcona Chronicle—Quite a commotion was caused last Saturday by a report that a powerful stream of gas was bubbling up through the water at the bottom of a well at the Vogel packing establishment. Some four years ago when the well was sunk, what was then thought to be air was seen bubbling up through the water and ever since the gurgling has been going on and could be heard distinctly from Mr. Vogel's house which is close to the well but no notice was taken of it until last week when H. Armstrong was employed to deepen the well while the water was low. Armstrong on going down and working awhile, found the fumes too much for him and gave it as his opinion that it was gas. To test it a lighted match was thrown down which resulted in an explosion that sent a flame out of the mouth of the well some feet. For the purpose of testing the strength of the gas the well was enclosed about twelve feet from the bottom and a pipe inserted through the air tight cover, and on a match being put to the end of the pipe which is one inch in diameter a flame about a foot in length resulted. At present the supply is too limited to be of much practical benefit but on deepening the well or drilling until some hard strata is passed through it is quite possible a valuable flow of gas may be tapped. Mr. Vogel has made arrangements to have it tested to a limited depth and the result will be watched for with interest.

MADE BY
HAND

I HAVE each
Pharaoh cigar
rolled by hand!
I do this in
order that the
leaves that go

into the filler may be properly placed, with the top towards the burning end of the cigar.

It also enables the packing of the filler to be properly done—you will find my Pharaoh will smoke easily and evenly from end to end!

I see that the materials are of the highest grade as well.

Cuban tobacco I myself select from the Manicagua district, in the Province of Santa Clara, is the filler—the most expensive Connecticut Broadleaf is the binder, and a clear, beautiful Sumatra I import from Holland is the wrapper.

My Pharaoh makes a mighty good smoke for the money.

FARMERS ORGANIZE.

A meeting was held at the Rabbit Hill school house on Wednesday afternoon, 22nd inst., which was attended liberally, there being representatives from the Oliver, East Edmonton, Otokwan, Spruce Dale, White Mud, Great West and Rabbit Hill school districts. The meeting was addressed by Mr. Keen, of the Turnip Lake district, who presented the constitution of the society known as the American society of Equity of North America. After Mr. Keen had presented his scheme, after Mr. Keen had presented his scheme of co-operation, Mr. R. Weir, of Ellerslie, Mr. Rice Sheppard of East Edmonton, Mr. Werner, of East Edmonton, Mr. Weisbaugh, of Spruce Dale, and also Mr. Patterson, spoke on the subject.

After Mr. Keen had presented his scheme, it was fully discussed by the meeting, although no definite conclusion was arrived at.

A committee was appointed to represent each district to meet at Ellerslie, on on Wednesday, 29th, to consult and discuss the two schemes which were presented, one by Mr. Keen and the other by Mr. Sheppard.

The meeting was adjourned until after the committee meet for discussion of the two several schemes. The members of the committee are Mr. John Govenlock and Mr. R. Weir, Oliver district.

Mr. Warner and Mr. R. Sheppard, of East Edmonton district.

Mr. McDonald and Mr. Weisbaugh, of Spruce Dale district.

Mr. Charles Black and Mr. Joseph Abram, of White Mud district.

Mr. Hammond and Mr. W. Keough, of the Great West district.

Mr. Walker and Mr. W. Henderson, of the Rabbit Hill district.

After the committee have met there will be a meeting called for the purpose of forming a farmers' association.

Telegraphic Briefs.

Montreal, Feb. 27th—Chas. Hayes, president of the G. T. P. said: The project would cost \$140,000,000 and that the Pacific terminal would be Port Simpson or some other place. "Now," he said "go and buy lots."

Quebec, Feb. 27th—Premier Parent says he will stay in office till the end of the session.

London, Feb. 27th—Princess Victoria of Connaught will marry Prince Oscar, heir presumptive of Sweden and Norway.

London, Feb. 27th—Prince and Princess of Wales may visit India next November and stay until the following March.

Synopsis of Regulations for Disposal of Minerals on Dominion Lands in Manitoba, the Northwest Territories and the Yukon Territory

Coal.—Coal lands may be purchased at \$10 per acre for soft coal and \$20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of 10 cents per ton of 2000 pounds shall be collected on the gross output.

Quartz.—Persons of eighteen years and over and joint stock companies holding free miners' certificates may obtain entry for mining location.

A free miner's certificate is granted for one or more years, not exceeding five, upon payment in advance of \$7.50 per annum for an individual and from \$50 to \$100 per annum for a company, according to capital.

A free miner, having discovered mineral in place, may locate a claim 1,500 ft. by 1,500 feet by marking out the same with two legal posts bearing location notices, one at each end of the line of the lode or vein.

The claim may be recorded within fifteen days if located within the office of a mining recorder's office one additional day allowed for every additional ten miles or fraction. The fee for recording a claim is \$5.70.

At least \$100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When \$500 has been expended or paid the locator may, upon having a survey made, and upon complying with other requirements, purchase the land at \$1.00 per acre.

Permission may be granted by the Minister of the Interior to locate claims containing iron and mica, also copper, in the Yukon Territory, of an area not exceeding 160 acres.

The patent for a mining location shall provide for the payment of royalty on the sales not exceeding two per cent.

Placer Mining. Manitoba and the N. W. T. excepting the Yukon Territory.—Placer mining claims are generally 100 feet square, entry fee \$5.00, renewable yearly. On the North Saskatchewan river claims for either bar or bench, the former being 100 feet long, and extending between high and low water mark. The latter includes bar diggings, but extends back to the base of the hill or bank, but not exceeding 1,000 feet. Where stream power is used, claim 200 feet wide may be obtained.

Dredging in the rivers of Manitoba and the N. W. T. excepting the Yukon Territory.—A free miner may obtain only two leases of five miles each, for a term of twenty years, renewable in the discretion of the Minister of the Interior.

The lessee's right is confined to the submerged bed or bars of the river below low water mark, and subject to the rights of all persons who have or who may receive entries for bar diggings on bench claims, except in the Saskatchewan river, where

the lessee may dredge to high water mark on each alternate leasehold.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles, but where a person or company has obtained more than one lease, one dredge for each fifteen miles or fraction, will be sufficient. Rental, \$10 per annum for each mile of the river leased. Royalty, at the rate of two and a half per cent, collected on the output after it exceeds \$10,000.

Dredging in the Yukon Territory.—Six leases of five miles each may be granted to a free miner for a term of twenty years, also renewable.

The lessee's right is confined to the submerged bed or bars in the river below low water mark, that boundary to be fixed by its position on the first day of August in the year of the date of the lease.

The lessee shall have one dredge in operation within two years from the date of the lease, and one dredge for each five miles within six years from such date. Rental, \$100 per mile for first year, and \$10 per mile for each subsequent year. Royalty same as placer mining.

Placer Mining in the Yukon Territory.—Creek, gulch, river, and hill claims shall not exceed 250 feet in length measured on the base line or general direction of the creek or gulch the width being from 1,000 to 2,000 feet. All other placer claims shall be 200 feet square.

Claims are marked by two legal posts, one at each end, bearing notices. Entry must be obtained within ten days. If the claim is within the office of a mining recorder's office, one extra day allowed for each additional ten miles or fraction.

The person or company staking a claim must hold a free miner's certificate.

The discoverer of a new mine is entitled to a claim of 1,000 feet in length, and if the party consists of two, 1,500 feet altogether, on the output of which no royalty shall be charged, the rest of the party ordinary claims only.

Entry fee, \$10. Royalty at the rate of two and one-half per cent, on the value of the gold shipped from the Yukon Territory to be paid to the Comptroller.

No free miner shall receive a grant of more than one mining claim on each separate river, creek or gulch, but the same miner may hold any number of claims by purchase, and free miners may work their claims in partnership by filing notice and paying fee of \$2. A claim may be abandoned, and another obtained on the same creek, gulch or river by giving notice and paying a fee.

Work must be done on a claim each year to the value of at least \$200.

A certificate that work has been done must be obtained each year; if not, the claim shall be deemed abandoned, and open to occupation and entry by a free miner.

The boundaries of a claim may be defined absolutely by having a survey made, and publishing notice in the Yukon Official Gazette.

Hydraulic Mining. Yukon Territory.—Locations suitable for hydraulic mining, having a frontage of from one to five miles, and a depth of one mile or more, may be leased for twenty years, provided the ground has been prospected by the applicant or his agent; is found to be unsuitable for placer mining, and does not include within its boundaries any mining claims already granted. A rental of \$150 for each mile of frontage and royalty at the rate of two and one-half per cent of the value of the gold shipped from the Territory are charged. Operations must be commenced within one year from the date of the lease, and if it less than \$5,000 must be expended annually. The lease includes all base metals, quartz, and coal, and provides for the withdrawal of unoccupied land for agricultural and building purposes.

Petroleum.—All unappropriated Dominion lands in Manitoba, the Northwest Territories and within the Yukon Territory, are open to prospecting for petroleum, and the Minister may reserve for an individual or company having machinery on the land to be prospected, an area of 400 acres. Should the prospectors discover oil in paying quantities, and satisfactorily establish such discovery, an area not exceeding 640 acres, including the oil well and such other area as may be determined, will be sold to the discoverer at the rate of \$1.00 an acre, subject to royalty at such rate as may be specified by order-in-council.

Department of Interior, Ottawa, September, 1903.

I TAKE extreme care of every leaf of tobacco that I buy. Ordinarily a "hand" of tobacco is soaked in water when it is received—I simply moisten the leaves in such a way as to only slightly dampen every part of every leaf. By this means the strength of the tobacco is not impaired—its smoking quality—fragrance and pungent deliciousness, is conserved to the smoker intact.

J. BRUCE PAYNE, Limited
Carby, P.Q.

My Pharoah Cigarettes have no filler, a high grade selected leaf of the Manzanilla district of Cuba, which I buy myself in Cuba—a blend of the celebrated brand of the Comptroller of the Customs and a choice leaf wrapper—genuine Sumatra, which I import direct from Amsterdam. My Pharoahs are the only good smokes.—J.B.P.

None genuine unless branded PHA-RO

J. B. Mercer, Distributor, Edmonton, N.W.T.

During the month of February we will clear out the balance of Our Winter Stock at Sacrifice Prices

We need the room for spring goods, and you can afford to buy the goods at the tempting prices offered. 33 1/2 per cent off Gloves and Mitts. 20 per cent off Horse Blankets. 15 per cent off Fur Robes and Fur Coats.

ALL GOODS MARKED IN PLAIN FIGURES.

Discounts are genuine, and it is an exceptionally good opportunity to buy reasonable goods at wholesale prices.

CITY GOVERNMENT:—

Mayor, K. W. MacKenzie; Aldermen, C. May, K. A. McLeod, W. H. Clark, D. H. Fraser, J. R. Boyle, T. Bellamy, J. H. Plead, W. A. Griesbach.

Conveniences:—Waterworks, sewer systems, telephone system, electric lighting system, all owned and operated by the city.

Board of Trade:—President, J. H. Morris, Secretary, F. F. Tims.

Immigration Officer:—C. W. Suttet.

Educational Institutions:—Public and separate schools, high school, Alberta College.

CHURCHES:—Roman Catholic, Anglican, Presbyterian, Methodist, Baptist, German Baptist, Lutheran, Salvation Army.

TRAIN SERVICE:—Leaves for Strathcona 7.45 and 15.30. Arrives from Strathcona 9.15 and 11.50.

LOCAL

—Train on time.

—Probe fair and mild.

—The city council meet to-night.

—Henderson & Son are opening a new store at 140 St. Anne.

—A new cafe was installed in T. A. Stephens office today.

—The King murder trial begins in Supreme Court tomorrow morning.

—The St. Albert council will call for tenders for the erection of the flour mill next week.

—Hon. Mr. Broden announced in the House of Commons that experiments in tobacco cultivation would be made in Alberta.

—The Canadian Order of the Woodmen of the world will hold a smoking concert in Sandison's Hall on Thursday evening, March 2nd.

—Sagunna and Campan have bought the old Gagnon place and are opening in connection with it a door and sash factory, also a lumber yard.

—The skating races for the championship of Alberta were held in the Red Deer rink on Tuesday. Bush, of Edmonton, won first in the half-mile championship, with Peacock of Innisfail second. The mile and 3 mile races were won by Bush of Edmonton, with Peacock of Innisfail second.

—Municipal ownership is popular in Neepawa, Man. Twenty-eight new telephones have been installed during the past six months, making a total of 464 now in use. The prices charged for an all-night, all-Sunday service are \$20 business, and \$10 residence. Last year the profits to the town amounted to \$500, and the service was very satisfactory.

—More Law, Assa, Feb. 22.—Word has been received from the border of another shooting affair near Big Muddy. About 25 miles south of Big Muddy boundary lives a rancher named Low. He had a dispute in regard to some horse deal with another rancher named Malcolm. Malcolm visited Low's ranch a few days after the dispute and deliberately shot Low dead in his tracks, the ball passing through the heart. Sheriff Davis of Culberson, Montana, has Malcolm under arrest.

—Red Deer News.—On Friday afternoon while returning from school Jimmie, the little son of John Richards, of Horn Hill, had a narrow escape from death. He was hanging to the back of a cutter which slowed against a wire fence throwing the little fellow into the wire. A painful gash was cut in his chest extending down the throat narrowly escaping the jugular vein. A doctor was called from Red Deer and the boy was stitched up. We understand he was taken to the hospital for treatment. Had the wire been cut he would have surely died of death. The friend will be pleased to hear that the little fellow is recovering slowly.
